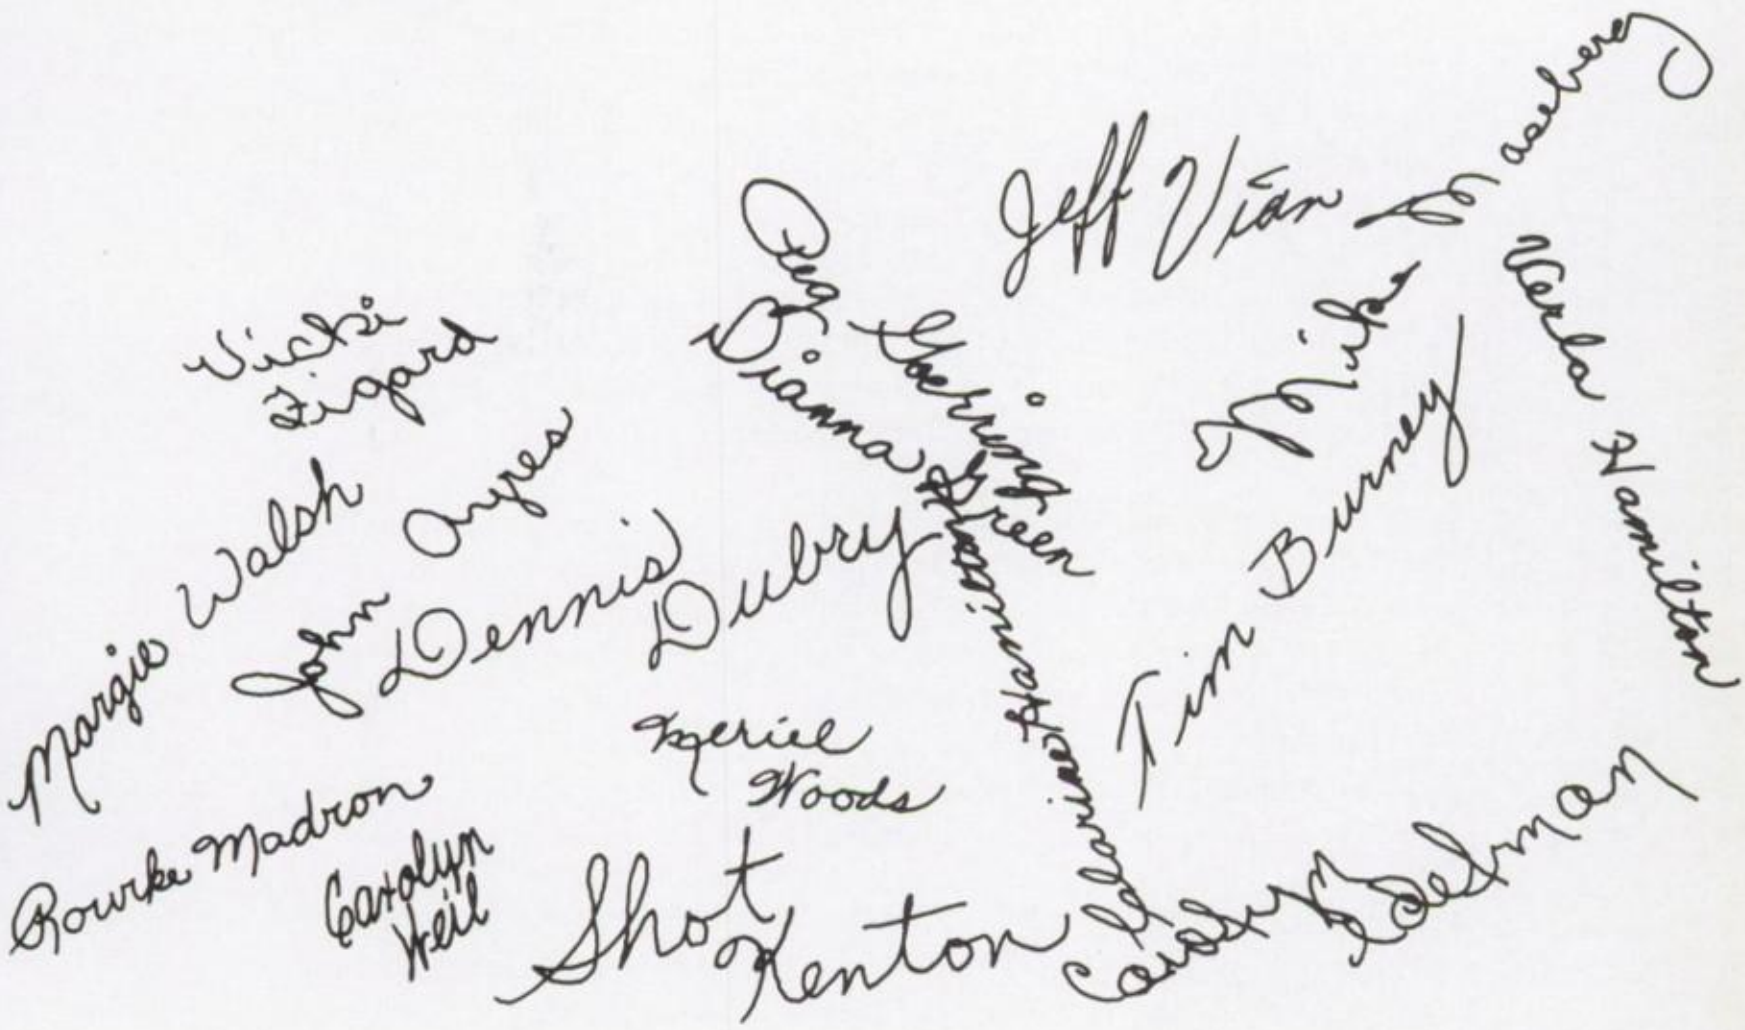
The Senior Class of 1969 have set their hand and seal on this day, the fourteenth of May, 1969.



Signed, sealed, published, and declared as their last will and testament, the Seniors have subscribed our names as witnesses on the day and year written above.

We, with the help of our brilliant Professor Clausen's Time Machine, have decided to visit the Seniors of '69.

Upon setting the dial we are whizzing to the time of the year 2000. The first thing we see is a Green '62 Ford going down the road at about 100 m.p.h. Stopping it we see the driver is Dianna Green who it seems is up to her old tricks. She says she now owns a business which makes cut-proof bottles. (I wonder why???)

Still traveling farther down the road we encounter Tim Burney. After many successful years of running, Tim has not been caught by an old high school girlfriend. Tim says the only time he came close to being caught was when Clarine Hamilton almost hit him with her pick-up. (GOOD WORK, CLARINE)

Next we run into Carolyn Edelman, who is standing on her head. She says it gives her a better view of things. Carolyn now owns a car body shop and, needless to say, her own car and little Red Ramblers are frequent customers. Across from her body shop, we see a sign that says A & D ROOTBEER. Yep, you guessed it, John Ayres, and Dennis Dubry are in the Root-Beer business. Both say they learned much about Root-Beer from high school days. John, who never changes, says his only fear is dark-blue Fords.

Vicki Figard and Peg Goehring have formed a dancing duet nationally known as the Fig-Rings. They are famous for their big kicks. They say next year they are running for President and Vice-President with the campaign motto of "Dance together, Run together."

Verla Hamilton, who is a successful Spanish teacher, has just inherited over a million dollars. She says that now she can afford to get married after all these years of hard study. With Verla, we find Carolyn Weil, who is now a famous cartoonist and artist who published the magazine "Success is not caused by Failure."

Next we find Clarine Hamilton, who is now a millionaire lumberess. She says it is all due to the fact that she can find trees no one else has ever seen.

Soon it is time to travel on down the road where we meet Shot Kenton, who is now the most famous rodeo "follower" around. They say he gives everybody the pep to continue, especially the Queen candidates.

Leaving the United States, and nearing the middle of the Atlantic Ocean, we see Rourke Madron on a tropical island surrounded by beautiful girls. He says he hasn't a problem in the world (other than not being able to make up his mind which one he wants).

On we travel, but as we go over Egypt, we see Jeff Vian, who is a very important man. Jeff owns a large herd of camels and is always trying to trade them for a Harem.

As we travel down the globe a way, we see Margie Warren and Bill on a kangaroo ranch in Australia, Margie having a continuous job with her dozen kids.

Leaving Marg, we run into Meriel Woods on a street in China, who after all these years, couldn't make up her mind whether she wanted a rancher, teacher, or telephone man. Visiting a psychiatrist for her advice, we find Mike Maseberg, who says he can't help her for he hasn't caught his wife either. Maybe they have something going here.

Our time has run out, but we have had time to see what the Seniors of 1969 have been doing in the year 2000.

Class History

In the fall of 1965, twelve brave and confident young people took their place in T.C.H.S. as green freshmen: Vicki Figard, Peg Goehring, Clarine Hamilton, Carolyn Weil, Judy Wernke, and Meriel Woods, were the very determined young ladies of the group, while John Ayres, Dennis Dubry, Rourke Madron, Mike Maseberg, and Jeff Vian added some masculine strength to the group. They were all active in sports, music, scholastic, and many other activities.

In their sophomore year, they were joined by Charles Kenton, Judy Lightbody, and Margie Walsh. Their fund raising activities included class dues and a car wash. The class also acted as servers for the Junior-Senior Banquet.

The class continued to grow as they once again entered the halls of T.C.H.S. in their junior year. The new additions were Tim Burney, Carolyn Edelman, and Dianna Green. This was a busy year, but also the most fun. To start the activities, class rings were ordered in September. In November, they successfully presented Mr. Coed, a delightful three-act comedy which was followed by a party for the cast at Peg Goehring's. In March, the group took their turn at trying to run the county at the annual County Government Day. In the spring, they entertained the seniors at a beautiful banquet and prom, with "Roman Holiday" as their theme. This took a lot of hard work and determination, but they carried out their task with much fun and pleasure. In January, they lost Judy Lightbody, who moved with her family to Illinois.

As the group began and worked their way through their senior year, they found their number slowly diminishing. Judy Wernke had become Mrs. Lowell Andersen and moved to Florida. At the beginning of the second semester, Meriel Woods became Mrs. Glenn Garner and moved away to Cody, Nebraska. And in February, the Seniors had another one of their ranks take a trip to the altar. This time it was Margie Walsh. Her new name became Mrs. Bill Warren. However, Margie finished school with the class, planning to follow her husband to Germany after graduation.

In April, the Seniors presented Wings of the Dove, a romantic drama, with five scenes. Even though it was a lot of work, we had much fun.

Then it was their turn to be entertained at the banquet and prom. Finally it was time for Baccalaureate and Commencement. It was then time to leave their high school years behind them and seek their place in the world, but they did so with many fond memories of T.C.H.S.
